

Critical Thinking

Course Advertorial

Introduction

In today's society, many people experience information overload. We are bombarded with messages to believe various ideas, purchase things, support causes, and lead our lifestyle in a particular way. How do you know what to believe? How do you separate the truth from the myths? The answer lies in critical thinking skills. The ability to clearly reason through problems and to present arguments in a logical, compelling way has become a key skill for survival in today's business world. This workshop will give you some practical tools and hands-on experience with critical thinking and problem solving.
